

# Student Voter Registration Explainer Video

**Submission Deadline:** 03/28/2024

## Objective:

Create an engaging 30-60 second explainer video to be featured on Instagram Stories, Snapchat Stories, and TikTok. Your ad should encourage students to register to vote neutrally, not favoring any political party or candidate. It should inspire students to act, highlight the importance of voting, and show how to register.

## Target Market:

- College students aged 17-22 in Connecticut who are not registered to vote.

## Specifications:

- **Duration:** 30-60 seconds.
- **Aspect Ratio:** 9:16 (Vertical).
- **Resolution:** 1080x1920 (Full HD).
- **File Format:** .mp4 or .mov.
- **Frame Rate:** 30 fps
- **Audio:** Motivating soundtrack and/or voiceover explanation.
- **Maximum Final File Size:** 72MB.

## Content Guidelines:

- Neutral, engaging visuals that don't imply political leanings. Include the Connecticut state logo.
- Communicate the registration process with straightforward steps and include a call to action to a registration site.
- Use captions throughout the video or highlight key details with animated text.
- Use masks and animated layers, and apply at least two effects taught in class.

## Deliverables:

- Design Research (Moodboard)
- Script Outline
- Storyboard
- Completed Animation
- Presentation

## Deliverable Details:

**Important:** Use your actual last name instead of “LASTNAME” for all files.

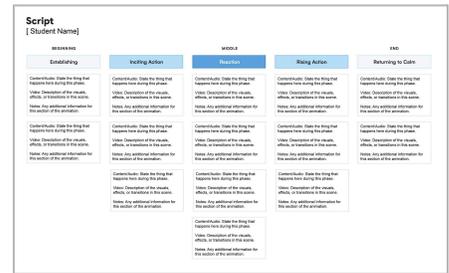

### Moodboard:

- Create a collection of images that inspired your animation.
- Include colors, fonts, and graphics you plan to use.
- **Save as:** “LASTNAME-Moodboard.pdf.”
- **Tip:** Label each section clearly (like "Inspiration" or "Color Scheme") so your ideas are easy to follow.

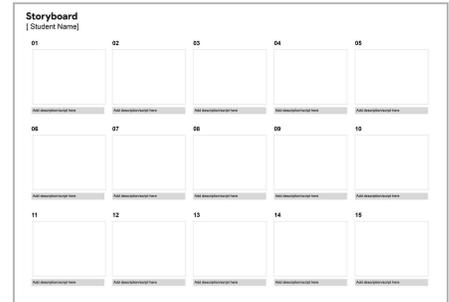

### Script Outline:

- Write out your animation's story from start to finish.
- Include key points and dialogue.
- Describe major visual changes.
- **Save as:** “LASTNAME-Script.pdf.”

### Storyboard:

- Draw out each important scene of your animation.
- Show camera angles and character movements.
- Add short notes to explain what's happening.
- Number your scenes to match your script.
- **Save as:** “LASTNAME-Storyboard.pdf.”

### Completed Animation:

- Render and export your completed animation.
- **Save as:** “LASTNAME-Final.mp4.”

### Presentation:

You'll present in person and cover:

- Your creative process.
- Explain your design choices.
- Discuss challenges you faced.
- Explain how your animation fits your target market.
- Show your final animation.

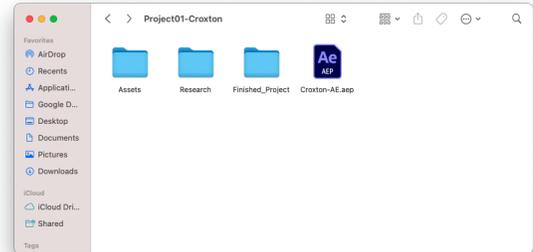

## Submission Guidelines:

**Important:** Use your actual last name for all files and folders to replace “**LASTNAME**”. Replace the “**#**” with the number of the project.

### Step 1: Set Up Your Folders

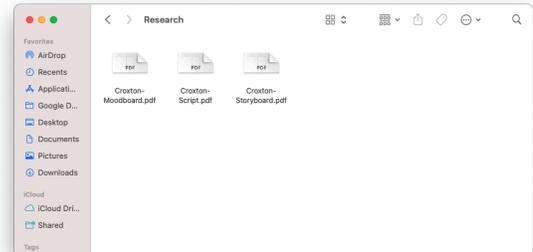

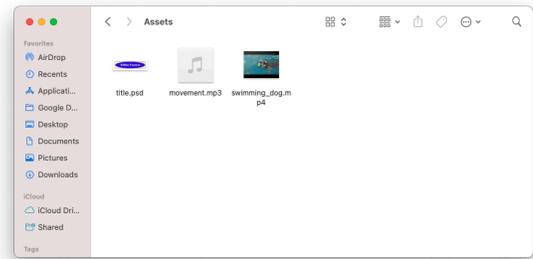

Create a main folder called “**Project#-LASTNAME**” with these inside:

- Your After Effects file: “**LASTNAME-AE.aep**.”
- Three subfolders:
  - “**Assets**”
  - “**Research**”
  - “**Finished\_Project**”

### Step 2: Put Your Files in the Right Place

- In “**Assets**”:
  - All your images
  - Videos
  - PSD files
  - Any other files used in After Effects
- In “**Research**”:
  - “**LASTNAME-Moodboard.pdf**”
  - “**LASTNAME-Script.pdf**”
  - “**LASTNAME-Storyboard.pdf**”
- In “**Finished\_Project**”:
  - Your final video: “**LASTNAME-Final.mp4**.”

### Step 3: Submit on Blackboard

- Zip your main “**Project#-LASTNAME**” folder
  - If you need help, here are some tutorials on [how to zip a folder on a Mac](#) and [how to zip a folder on a PC](#).
- Go to Blackboard → Projects → Project #
- Click on “Create Submission” and upload your zipped folder.
